PRESIDENT ELECT

Only one candidate is running for the president elect and the confidence vote will be done with the deadline of June 15, 2006.

Candidate: **Hisao Nagao**

Recommendors: Toshio Nishida, Nobuo Inagaki, and Tadashige Ishihara

Career and Statement of Hisao Nagao

My professional career started in 1968 as a research assistant at Hiroshima University while I was studying at the graduate school of mathematics there. In 1987, I was appointed professor at Faculty of Engineering, Osaka Prefecture University and served there until I retired in 2005 at the age limit.

My research subject is mathematical statistics. The areas of my interest are:

- (a) testing hypotheses of covariance matrices and their asymptotic distributions,
- (b) the jackknife estimators of the eigenvalues and eigenvectors of covariance matrix under the non-normal population
- (c) sequential estimation of mean and mean vector under univariate normal and multivariate normal distribution

For (a), I was awarded Jacob Wolfowitz Prize (American Jour. of Math. & Manage. Sc.) in 1990.

Statement: Some years ago, the universities supporting our organization through buying our journal for years became independent administrative entities and cannot extend the same support, which caused our financial difficulties. For our organization, the most urgent need is to maintain the stability in publishing our journal. Therefore I would like to put following ideas into practice.

- (1) To increase the number of individual members both at home and abroad
- (2) To increase the number of academic institutions both at home and abroad

- (3) To encourage sale promotion of our journal SCMJ
- (4) To promote exchanges of SCMJ with journals all over the world

Moreover, for the convenience of applicants I would like to simplify the procedure for applying to the membership. And I would like to systematize the clerical tasks such that of exchanging journals.

To carry out my promises, it is very important for the members and their neighbors to submit remarkable papers to SCMJ. All editors are requested to quickly referee the papers submitted to them. To serve out my term of office, your cooperation and active support is essential and indispensable. I ask you to cooperate with me for the progress of our organization.

2006 OFFICER'S ELECTION

As set forth in Article I of Bylaws 2006, the number of secretaries is increased. We hereby accept candidates for the following officers.

- (1) Four officers in charge of publishing (except Tadashige Ishihara)
- (2) Four officers in charge of meetings (except Atsushi Yagi)
- (3) Three officers in charge of membership and accounting (except Akira Tsutsumi)
- (4) One officer in charge of prizes

The candidacy should be followed by the recommendation of at least two ISMS members and be made by June 15, 2006. The election shall be done with the deadline of August 15, 2006 and the term of office shall begin on September 1, 2006.

DISTANCE SYMPOSIUM

As specified in Article III, there are eight committees which include foreign members or domestic members who reside far from the meeting places. It is difficult to have assembly meetings, therefore, it is practical to have internet meetings using videoconference system which is moderate in price, connectable with many sites, and easy to operate. The SOBA system (free software) seems to be one of the most usable one, which is now provided only in Japanese language but will be provided in other languages, too.

CALL FOR PAPERS

Scientiae Mathematicae Japonicae(SCMJ) calls for excellent papers.

- (1) Authors can choose one of the editors in the Editors List and send their papers directly to him/her for refereeing which promises **quick refereeing and publication**.
- (2) If the SCMJ authors prepare their files in ISMS standard format (Js.), the lead time from acceptance to the online publication **will be extremely short or nil**.
- (3) In the proofreading is made by the SCMJ (Paper or TeX) author, we will publish the paper on the Web as soon as we receive the corrected galley proof.
- (4) The Journal is reviewed by **Mathematical Review and Zentralblatt from cover to cover**.

(A) Submission

Authors are requested to choose one of the editors in the SCMJ editors list and send their papers, satisfying all of the following conditions, **directly to the editor**. The editors list can be

obtained from (i) URL:<http://www.jams.or.jp/> (ii) “ Editorial Board” of SCMJ(Vol.60, No.1, July 2004).

Prepare **e-mail Form for Submission** and **three** hard copies of your paper, **three** hard copies of **Form for Submission**, and send them as follows.

- **To the editor's e-mail address**; Form for Submission (with the abstract)
- **To the editor's postal address**; **Two** hard copies of your paper, **two** hard copies of the Form for Submission (with the abstract)
- **To the e-mail address of ISMS** (<http://www.jams.or.jp/hp/submission f.html>); Form for Submission (with the abstract)
- **To the postal address of ISMS**; **One** hard copy and **one** Form for Submission

The received date of the paper is the date when the editorial office receives the paper together with the Form for Submission, and not necessarily the date when the editors receive them.

To e-mail Form for Submission is mandatory to support the editor-receive-system, not to waste the precious reseach time of the editors and promote efficiency in the editorial procedure.

(B) Abstract

Every paper should contain an abstract. Try to limit your abstract to 20 lines when typed in TeX. The abstract should be a kind of mini research announcement which is **self-contained** and gives **the overview** of your paper. Abstracts of accepted papers are **very rapidly displayed** on ISMS home page and are announced **all over the world via Internet**. Abstracts in Paper Form and E-mail Form should be typed **in Text file**. If it is inevitable for you to use symbols in the abstract, you may make it in a TeX source file indicating **the kind of TeX** as notes, for example, (via LaTeX2e).

(C) Data

The full postal address, telephone and facsimile numbers, e-mail address of the author should be specified at the bottom of the last page of the manuscript. 2000 AMS Subject Classification and Keywords should be written both in Paper, E-mail Form and at the **footnote** on the first page of the manuscript.

(D) Receipt

ISMS will send a letter of receipt when we receive a hard copy, a Paper Form and E-mail Form (if the author has e-mail facility). The received date is to be specified in the letter.

(E) Revision

If revision of your paper is necessary, the editor informs you directly. When you revise abstract of your paper in that case, you should send new Paper Form with new abstract and E-mail Form with new abstract also.

(F) Acceptance or Rejection, Page Charges

ISMS will inform authors of **acceptance or rejection** of their papers **by e-mail**. Author should choose one of the following 3 types of his final draft he will send after acceptance of his paper, (1) **P**: Paper draft only (2) **T**: Paper prepared using TEX and its source file (3) **Js**: Paper prepared using TEX with ISMS style file, and its source file.

List of the page charges for SCMJ (2006 year)

	Individual/ Associate Member	Non Member
Paper : P	¥3,850(US\$35, €28)	¥4,450(US\$43, €35)
TEX : T	¥2,200(US\$18, €14)	¥2,800(US\$26, €21)
Js : Js	¥1,100(US\$8, €7)	¥1,700(US\$16, €14)

The above page charges include 20 offprints. The additional page charge may be required for

the figures contained in the papers. For more information, see our Web Page.

1) **Js** (ISMS style TeX) files mean the files which are ready for publication without any process by our Publication Dept. Please note whether the file meets the requirement of the ISMS style or not **is judged by ISMS Publication Dept.** Js files can be made using the ISMS style file for AMS-LaTeX, LaTeX, or LaTeX2e, which can be downloaded from ISMS Web Page. AMS-TeX files cannot be **Js files** any more.

The procedure to make Js files :

- (a) Prepare your paper in AMS-LaTeX, or LaTeX.
- (b) Use the following ISMS style file to make your paper "ISMS style TeX" (Js). (The ISMS style files can be obtained from ISMS Web Pages.)
If your paper contains graphs or figures which cannot be processed even in LaTeX(2e), make them EPS (Encapsulated Post Script) files and then PDF files.

(G) After Acceptance

If the paper is accepted, P authors are requested to send the following (1) & (2), T and Js authors (1) – (4).

(1) A hard copy of the final draft(for publishing)

- (2) Paper Form for WWW
- (3) The source file of the final draft in TeX, by e-mail or on diskette.
- (4) E-mail Form for WWW

(H) Proofreading

ISMS will send a galley proof to P and T authors only but **not to Js authors**. We regard the final files sent by Js authors as ready for publication.

(I) Offprints

Every author can obtain a **password to read his paper** and can make **as many offprints as they want**, using Acrobat Reader. A copy of the printed version of **the issue** is US\$10 or equivalent UNESCO Coupons for ISMS members and Authors and US\$30 or equivalent UNESCO Coupons (or Union Postale Universelle) for non-members.

ABSTRACT	

Call for Proposals and Organizers for Special Sessions in IVMS 2007 and IVMS 2008

The ISMS holds inter-regional videoconference via internet. The first videoconference was held in December 2003, the second in June 2004, and the third in March 2005. We are planning a videoconferencing system that will be able to connect up to four research sites, at present. Therefore presenters may be asked to travel to one of these local sites in order to present. The international videoconference consists of special sessions only. These sessions will be devoted to special fields of study, for example Fixed point theory and its applications. Each session's organizers will decide the type of the videoconference: presentation of original papers (contributed and/or invited papers) and/or expository articles, or tutorials. Speakers of the session can write on a white board or an OHP sheet, or can use PowerPoint. Participants can ask questions or make comments. All these are performed similarly to the traditional meetings. Organizers of the sessions chair their meetings at their co-ordination sites and can turn the speakers' sites.

Time differences between local sites will become an important factor. Please note the following possibilities: **There are three combinations of connections for inter-regional videoconferences:**

- (1) Europe (morning) - Asia (evening) for 4hrs from 08:30(GT) to 12:30(GT)
- (2) Asia (morning) - West coast area of USA (evening) for 4 hrs from 23:30(GT) to 03:30(GT)
- (3) Asia (around noon) - Asia (evening) for 4 hrs from 16:00(GT) to 20:30(GT)

Every IVMS is performed through three steps.

- (1) Trial of link in advance between (1) organizer and Osaka Nakanoshima Center (ONC) and (2) coorganizer and ONC are recommended.
- (2) In the first step, all papers are presented on the homepages of the ISMS. (<http://www.jams.or.jp/ivms/index-ivms.html>)
- (3) In the second step of the IVMS, all papers are presented similarly to the usual assemblytype meeting via internet, often using CD-ROMs or DVDs which are sent beforehand, when the author can't use VC system via internet.

Scheme of Videoconference

- 1)Video conference systems, 2)Organizers, 3)Application Form for Organizers
- 4)Participation, 5)Application Form for Participants, 6)Presentation on the WWW,
- 7)Proceedings, 8)submission, 9)Format of Submission, 10)Connection Test on May 23,2006, 11)Deadlines for 2007 IVMS(May 22~23,2007), 12)Publication in SCMJ,
- 13)ISMS (JAMS) Prize Winners, 14)FAQ about videoconference

About the above items 1)~14), please refer to (1) Notices November 2005 p.8~p.11 or (2)<http://www.jams.or.jp/notice/Notices0511.pdf> (p.8~p.11)

Call for Members ISMS Membership Dues from 2006

A new category “life member” has been established and can be applied for from 2005. An

eligible member may become a life member by making a one-time payment of dues. A member who has been an ISMS member for ten years or more is eligible for a life member. The amounts of dues are : ¥70,000 for the domestic members, US\$ 600 (€480) for the foreign members, and US\$ 500 (€400) for the members in developing countries.

We have reduced the ISMS membership dues since 2001 and copies of the printed journal have not been distributed to the members, free of charge. Instead, we give User Name and Password to each member so that he/she can view or print out the full text of the papers published in SCMJ except papers in the international plaza from our Web site (<http://www.jams.or.jp>).

The Membership Dues for each category is as follows. Applications for the 3-year members can be made only in 2005 and in every three years.

ISMS Publications: We published **Mathematica Japonica (M.J.)**, which enjoyed an international reputation, for about sixty years in print and its offshoot **Scientiae Mathematicae (SCM)** both online

and in print. In January 2001, the two publications were unified and changed to **Scientiae Mathematicae Japonicae (SCMJ)**, which is the “21st Century New Unified Series of Mathematica Japonica and Scientiae Mathematicae” and published both online and in print. Ahead of this, the online version of SCMJ was first published in September 2000. The number of the annual total pages of the print version has been from 700 to 1,200 pages in six issues since January 1978. The whole number of SCMJ exceeds 230, which is the largest amount in the publications of mathematical sciences in Japan. The features of SCMJ are:

- 1) About 40 eminent professors and researchers of not only Japan but also 15 foreign countries join the Editorial Board. The submitted papers are received directly by the editors and are refereed quickly. The accepted papers are published online with no lead time after compiling or proofreading. SCMJ is reviewed by Mathematical Review and Zentralblatt from cover to cover.
- 2) SCMJ is distributed to many libraries of the world. The papers in SCMJ are introduced to the relevant research groups for the positive exchanges between researchers.
- 3) The original papers and surveys of distinguished mathematical scientist appear in every issue of SCMJ. The section called “International Plaza” of SCMJ has very interesting expository papers written by the eminent mathematical scientist of the world. Presentations of recent research frontier including award lectures by the winners of the ISMS Prize or Shimizu Prize are made.
- 4) **ISMS Annual Meeting:** Many researchers of ISMS members and non-members gather and take time to make presentations and discussions in their research groups every year.
- 5) The ISMS holds inter-regional videoconferences called **International Videoconference of Mathematical Sciences (IVMS)** via internet. There is no need for the participants to travel abroad.

Privileges to ISMS Members: (1) Free access (**including printing out**) to the online version of SCMJ, (2) Discounted price for the printed version of SCMJ (See **Table 1**), (3) Discounted page charges (See **Table 2**).
