

# ON CONJUGATIONS FOR BANACH SPACES

Muneo Chō and Kôtarô Tanahashi

Received April 18, 2016 ; revised June 15, 2016

## **Abstract**

In this paper we introduce a conjugation  $C$  on a complex Banach space  $\mathcal{X}$  and define complex symmetric operators. We show some spectral properties of complex symmetric operators.

Keywords; Banach space, linear operator, conjugation.
